FORTUNE FAVORS THE PREPARED

Ready Trainer

The whole FFTP training library on one USB drive.
97 courses, no internet needed.

AVAILABLE NOW
On a USB drive you own
Licensed to your household or group

Learn the skill. Check your work. Put it to use.

Taught the way emergency services actually work, adapted for households and groups. Every course ends with something you can use: a report you can send, a plan you can print, a drill you can run with your family or group.

Track 0 — start here

Six courses for everyone, in order: one vocabulary for OPSEC, SALUTE, MARCH-PAWS, PACE and the family plan.

1 · SEC-02 **Know What You're Showing**
2 · INT-03 **Tactical Reporting Formats**
3 · MED-01 **MARCH-PAWS Tactical Trauma**
4 · MED-02 **Know Your Patient**
5 · COM-01 **PACE Comms Planning**
6 · PLN-10 **Family Emergency Plan**

Then pick the role you fill

NINE TRACKS · TAKE EACH IN CODE ORDER · MOST END IN A CAPSTONE

Communications — 15 courses

Intelligence — 20 courses
Competing hypotheses; traffic analysis; OAKOC terrain; the intelligence cycle; elicitation; pattern of life; OSINT; ACE/LACE.

Medical — 9 courses
DCAP-BTLS and START triage; MEDEVAC and CASREP; patient records; wound care; extended care; IFAK contents; the group medical plan.

Planning — 8 courses
Community situational awareness and SITREP; METT-TC; PREP-CON and CONCON; GOTWA; ethics under pressure; shock, grief and recovery.

Logistics — 8 courses
Supply; caches and inventory; acquisition; food planning; the annual drill; fuel and power; property accountability; a capstone.

Leadership — 3 courses
For whoever runs the group: formation and governance, ICS/NIMS for groups, CERT and community integration.

Food — 7 courses
Starting a program; inventory; bulk buying; couponing; long-term storage; preservation; feeding the whole group.

Navigation — 5 courses
Grid coordinates and maps; map and compass; GPS; ground-to-air signals; rally points, linkup and route contingencies.

Every course, built the same way

- **Lessons in order**, short, with a course map
- **Companion guide (PDF)**: the full course in print
- **Knowledge checks** that point you back to the lesson
- **One-pager (PDF)** for the wall or the radio
- **A certificate** to print when you finish
- **Related articles** one click from the course

1 · Pick a track
Track 0 first, then the role you fill.

2 · Learn it
Work the lessons, guide open beside them.

3 · Check it
Pass the checks, print your certificate.

4 · Use it
Log it in Ready Ledger; drill it with your group.

Works offline
No install: run it from the drive or copy the folder. No internet, no account. Your progress stays on your computer.

Built on real doctrine
ICS, SALUTE, START and PACE: the terms your county emergency manager, CERT team and ARES net already use.

Companion to Ready Ledger
Plan it in Ready Ledger, learn it here. Every Ledger page links its course; each person's courses go on their record.

Ready Trainer is available now.

97 courses on one USB drive, licensed to your household or group, with a Read Me First guide. Take the full library or just the tracks you need. Built by an emergency manager with 30 years in law enforcement, EMS, search and rescue, 911 dispatch and emergency operations.
